

Beyond Insights – Your Complete Data Analytics Solution

EVHC's Reporting and Analytics solution goes beyond data to deliver the insights you need to make competitive and strategic decisions, all within an easy-to-navigate interface.

Relying on benchmarks from our powerful 9-million-member data pool and 5 years of your collective data, you're empowered to identify key trends, cost-savings, and uncover objective-driven opportunities with confidence.

Beyond Insights Delivers:

- 9+ Interactive Dashboards such as Financial, Utilization, COVID-19, and Pandemic Trend
- Report Library with 122+ standard and custom reports
- Industry Specific Reporting such as: Hospital Utilization, Provider Network Performance, Onsite clinics

With Beyond Insights, users appreciate the ease of dynamic self-service reporting, on demand. Integrated provider network solutions make it easy to connect with the data that tells the value story and leads to action. And, with Beyond Insights, your complex data questions can be solved for with the help of our client analytics support team.

 **BEYOND**
Insights

Your Client Manager will provide you with instructions and training on how to access and use this powerful tool through the convenience of your myEVHC.com online account.
