ENROLLING IN AN EVHC CRX PROGRAM

Welcome to **EVHC CRX!** You may have received an enrollment package in the mail or heard about our international prescription program through an employee communication or seminar. If you are ready to join, or need more information, the best option is to **CALL US FIRST!** We will answer all of your questions including; program eligibility and medication availability, and then all you need to do is submit your enrollment form and prescription(s).

Enroll only once
and at any time! There
is no need to enroll
now, unless you are
ready to order through
the program.

PROGRAM ENROLLMENT

Enrollment forms and prescriptions can be submitted via fax or mail. As a safety measure, we only accept prescriptions that are faxed directly from your doctor's office. In order to have a continuous supply of medication on hand, we request that you submit a prescription for a 3-month quantity, with three refills. If your prescription does not cover a full year, we can still accept it - but it must be written for a minimum 3-month supply. If you did not contact us prior to enrolling, we will call you once we receive your paperwork and welcome you to the program!

PACK SIZES

Our program **ONLY** supplies **Brand Name medications**, dispensed in the **manufacturer's original sealed container**. Pack sizes vary from country to country. For example, a standard container quantity might be 84. We factor this in when scheduling your refill call.

REFILLS

Refills are not automatic, but they're easy - we call you! As an added safety measure before processing a refill, we need to confirm how much medication you have on hand and whether you've had any health or medication changes. We contact you **one month prior** to ensure you always have a sufficient supply of medication on-hand.

GENERIC MEDICATIONS

Generic medications provide the greatest savings to your health care plan. Therefore, if you are currently taking a Generic medication, you are not eligible to order the Brand Name medication through this program.

SHIPPING

Your medication will be shipped directly from an international pharmacy to your home, via regular mail. Please allow **20 business days** (1 month) for your package to arrive.
