

Talking Points

Talking to your team about CRX International should be an easy and positive experience for members. Who doesn't like to save money and make their lives a little easier?

With CRX International, members can sign up for no cost and start receiving their brand-name medications—shipped directly to their door—for FREE. That's right, there are no copays, shipping, or any other charges to join and take advantage of the program.

While talking to members or providing them material about the program, please be sure to highlight the following:

✓ **ZERO Copays through CRX International.**

CRX International helps to keep more money in members' pockets. There are no copays, shipping charges or out-of-pocket costs to sign up. The program is FREE to members.

✓ **Signing up is fast & easy.**

Members can enroll online or by mail at any time, but encourage them to sign up as soon as possible to start saving. To enroll, they must submit an enrollment form, a copy of their photo ID and a prescription* written for a 3-month supply with 3 refills. *CRX International can even help with receiving a member's prescription by reaching out to the physician on their behalf, they just need to ask!

✓ **Excellent customer service.**

The CRX International team will call a member to welcome them to the program and then again, every quarter to check in and process their refill. We like to say you get a new Canadian friend!

✓ **Worry-free refills.**

The team at CRX will proactively call members every quarter to let them know they are due for a refill.

✓ **Medications right to the member's door!**

Medications are shipped right to the member's door in the manufacturers' sealed packaging. No more standing in line at the pharmacy.

✓ **Custom member website.**

Still have questions? Encourage members to visit their dedicated CRX International website to check their medication availability, watch a short video on how to enroll, download additional forms and enroll online. **Members can also call us at 1-866-488-7874.**

Help us save your health plan money by encouraging members to sign up!
